

PIGEON LAKE YACHT CLUB NEWSLETTER, DECEMBER 10, 2009

Website Changes:

Rob Ferguson and Roger Morrison are teaming up to update our Website. Roger as the the Club Director for Communication and Rob as the guru who knows what and how to do it, ie: Rob will be the Webmaster for the club.

Before I go any further, I should mention that Eric Lansdell, deserves a big thank you from everyone as he did the current work on the site and put a lot of effort into it. So besides being the club treasurer, he had a second life in front of a computer and really built the website we have now. And, further on Eric, I hear he is home and doing well after his stint in the hospital. Glad to hear that Eric.

Back to Roger and Rob. Their aim is to improve communications and really encourage everyone to contribute and offer their input on what they want to see on the site.

Thought for the day:
