Please give the Board your feed-back re the Regatta cancellation.

There is a lot going on in Members' lives that demand their time.
..

What are your thoughts?

Is the era of such activities passing?

Are events scheduled too close together?

Comments re Club and individual costs? Method of organizing and participation as sailors *and* support volunteers?

Whatever???

Be assured, there will be no disparaging of anyone's comments. This needs analysis that can only be purposeful with Member input. . .
