To Whom It May Concern:

Dear Madames and Sirs,

I am pleased to write this letter of recommendation for Jens Kafitz.

We have worked together at Ambient Entertainment on "**Back To Gaya**" aka "**Boo, Zino and the Snukrs**" in the time from January 2002 - March 2004.

On all occasions Jens did a exceptional job as a lead texture artist. He has a very good eye, sense of color balance and composition. His artistic and technical skills are well balanced. He is a hard working team player with a great personality and I enjoyed working with him.

If you have any further inquires regarding Jens talent, please do not hesitate to contact me.

Sincerely

(Pierre Grage)
