

COMPACT COURSE

Compact Course BASE 10 days/ Austria - Salzburg

The compact course basically starts with the 4 day FJC plus another 6 extra days to take it a step further and start jumping off cliffs. The course is a 10 day course taught by highly experienced professionals and will provide you with all the specific training and knowledge necessary to safely start advancing in your BASE career.

Requirements

To participate in the course a minimum of 150 skydives is required. You furthermore need your own BASE specific equipment, which includes a Pin-closed container, a mesh slider, a 32"-36" pilot chute as well as a helmet, eyewear, strong hiking boots and, of course, the right attitude! Base-gear can also be rented for the course - please let us know a few weeks ahead to organize all things in time.

Course

The course is held in Austria, Croatia and Italy. Starting at the 17m high Exittrainer continuing to 120m bridge. For the cliff jump we will drive to a 850 meters high, overhung cliff offering freefall times between 7 to 25 seconds when tracking.

The course includes inspection of the landing area, including alternative landing zones, supervised packing of your gear, site specific instructions, such as local wind and weather conditions, drive to the top, jump preparations, instructions about specific body position, jumping and video analysis of your jump.

Please contact us about dates.

Once you have joined our FJC, you are eligible for a 10% discount on all pressurized gear.

!!! WARNING !!!

BASEJUMPING IS EXTREMELY DANGEROUS! YOU MAY BE SERIOUSLY INJURED OR KILLED.

PARACHUTES SOMETIMES MALFUNCTION, EVEN WHEN THEY ARE PROPERLY DESIGNED, BUILT, ASSEMBLED, PACKED, MAINTAINED AND USED. THE RESULTS OF SUCH MALFUNCTIONS ARE SOMETIMES SERIOUS INJURY OR DEATH.
