

Twitter First (Easy) Step in 10 lessons...

1. Pick up a name (do some SEO Search first for best name),
2. Put Bricks (i.e.:) as username, Mortar as a surname,
3. create Bricks_Mortar gmail address,
4. Go to setting, add a pic, customise page, change design, (twitter template, twitter image), add descriptions, etc...
5. Go to www.Wefollow.com add comment (bricks, Mortar, Property)
6. Go to www.twellow.com get listed and register in the Yellow Page Twitter site,
7. Go to www.twollow.com (add keyword: example Mortar) Auto unfollow after 3 days and also click never follow again, i.e.: Property, etc...
8. Go to www.buzzom.com and click cross follow option to grow more followers,
9. Go back to www.twollow.com get a name of someone to follow then go back to www.buzzom.com and paste the name in it,
10. Housekeeping your twitter with www.hwitter.com to clean your twitter account every two weeks (if they don't follow you then don't follow them).

Then you are ready to tweet

Extra Tips:

- 1: Get a good ratio (5:1) adds more Value and you will more Twitter follower,
- 2: Don't always put links but create a conversation instead for better results,
- 3: Use www.Twitlater.com to auto reply and - automatically fellow back everyone!
