Put yourself in a setting where nature reveals herself – Come home with insights from Pele, dolphins and each other.

This spiritual adventure is designed to help you, through your communications with nature, to connect with yourself and your body

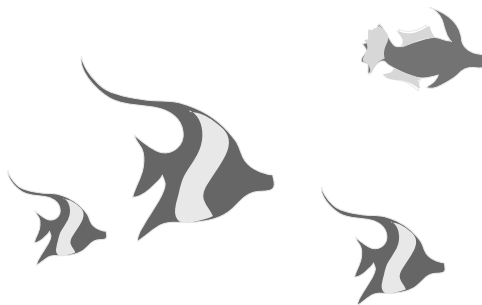

Visualize yourself swimming in a sanctuary bay where giant turtles, myriads of multicolored fish, and wild dolphins approach you of their own accord.

Each day will be a new adventure in healing. We will gather for an early morning meditation in our Balinese retreat center, later we will walk to the beach, and open our bodies to energy with a swim where dolphins and turtles like to hang out. We will snorkel and swim in the warm clear healing waters.

Maybe a pod of spinner dolphins will decide to come and play with us. As we swim with them we will enjoy the spontaneous and miraculous healings which are freely given by these gifted healers. After breakfast we might go for a hike to the nearest Hawaiian sacred site or sit on a hammock and meditate in the quietness of our retreat center.

We expect to encounter pods of wild dolphins, (spotted and spinners) and experience their enthusiasm and playfulness as they come to us willingly during our chartered boat adventures.

One afternoon is set aside to play with Pele, the Hawaiian goddess of the volcano. She symbolizes power, strength, harmony and healing. During our trek through the active volcano and the rain forest surrounding it we will do a blessing to honor her healing powers and awaken our own.

As we share our evening meals we will continue to experience and validate our spiritual healing miracles of the day.

The essential ingredient to your Adventure is your amusement and enthusiasm! We are visiting places that are not on the regular "tourist" itinerary, but are unique and offer wonderful opportunities for learning about the spirituality of humans, dolphins and other creatures. In our daily meditation we channel dolphin energy & Pele's energy to reset the vibration in your cellular body and DNA at wellness and self healing. Join us for the adventure of a lifetime.
