Introduction

I am a Graphic Designer & Music Teacher. I studied a Degree in the academic studies and research of Graphics & Musicology and graduated in 2005 at University of East London.

I currently work as a freelance Graphic Designer in London creating various printed materials, such as, magazines, leaflets and brochures.

As a Private Music Teacher, I teach basic Piano and Acoustic Guitar to students aged 5-15, using music materials and visuals that I have created. My teaching programme contains DVDs with short film footage, graphics, motion type and sounds designed to help students during their own study time.

Using my creative skills, artwork ideas and music composition, I have created a series of multimedia products and production videos such as:

- Corporate Promotion DVDs
- Short films / Animations
- Presentation Graphics
- Music Audio Visions.
